How to contribute to Sound Design Addicted project ?

- Join <http://www.facebook.com/SoundDesignAddicted> You will get more samples, tutorials and could give feedbacks.
- Share my facebook page, samples packs and tutorials.
- Participate to my project by making a donation. It's really easy with PayPal and will take only few minutes.

Important notes on donation

Those donations will help me to get some new plugs to use in the design of new sounds.

Most people donate five or ten dollars so don't think a small contribution is not worth the effort - it adds up over time.

The "donate" button is on the top of the Facebook page (navigation bar). The paypal service accepts donations made with credit cards, debit cards, and PayPal account.

As Sound Design Addicted is a not-for-profit organization, not a charitable organization, so I'm unable to provide charitable tax receipts.
